

Delivering Innovation, Driving Impact

A leading AI-led digital transformation company since 2003, helps enterprises become future-ready and AI-native by optimizing operations and accelerating business outcomes through scalable, technology-driven solutions. With over two decades of experience, we bring a client-centric approach to delivering end-to-end services that enable organizations to be cloud, data, and AI-ready. As multi-cloud experts, we combine a comprehensive services portfolio with the agility that few providers can match. Our 360-degree capabilities, supported by a strong ISV partner ecosystem, enable seamless transformation across applications, systems, and platforms. Visit us at www.jadeglobal.com.

Jade Global Presence continues to expand, establishing a strong footprint across key international markets
